THIS IS THE LONG LIST

December 2015

530 Wines &amp; Spirits

R=Red Wh=White Prices &amp; Vintages are subject to change.

**Bold** wines are those we highly recommend, many are mostly found on our website with descriptions, generally on their own webpage; or in mixed cases. **Note; many of these wines have won International awards in the last 3 years. We are processing the 2015 results at the moment:** the colour fill in the product code box indicates a wine's highest known award since 2012, from the **International Wine Challenge** organisation but **most are from Decanter Magazine annual awards in London.** The award & year is shown after the wine name. Some abbreviations used: Com = **Commended**, Brnz = **Bronze Medal**, Silv. = **Silver medal**, Gld = **Gold Medal**, RT = **Regional Trophy**, IT = **International Trophy**, VP = **Value Prize**.

We hope that this longlist list meets your needs. We actually have access to around 300 hundred more wines, but many are continually rotating into and out of our wider portfolio, which is always chasing its own tail to be up to date (adjustments are due to constantly changing circumstances for wines such as Bordeaux classed growths, Bin Ends, Deleted items, One-off products, etc. ). Our shorter longlist has over 300 really focussed wines. Both lists are produced in good faith: **Prices & vintages are dynamic**. We accept no liability for human errors, but we unreservedly apologise if it contains erroneous pricing discrepancies, resulting from our or our suppliers' mistake. **TWM December. '15**
