

Bold wines are those we highly recommend, many are mostly found on our website with descriptions, generally on their own webpage; or in mixed cases. Note; **many of these wines have won International awards in the last 3 years.** We are processing the 2015 results at the moment: the colour fill in the product code box indicates a wine's highest known award since 2012, some from the **International Wine Challenge** organisation but **most are from Decanter Magazine annual awards in London.** The award & year is shown after the wine name. Some abbreviations: Com = **Commended**, Brnz = **Bronze Medal**, Silv. = **Silver medal**, Gld = **Gold Medal**, RT = **Regional Trophy**, IT = **International Trophy**, VP = **Value Prize**.

We hope that this reduced length, **SHORTER** portfolio list meets your needs. We actually have access to around 500 hundred more wines than this but many are continually rotating into and out of our portfolio, which is always chasing its own tail to be up to date (such as Bordeaux classed growths, Bin Ends, Deleted items, One-off products, etc). **The longlist we produce has over 650 wines.** The lists are produced in good faith: **Prices & vintages are dynamic.** We accept no liability for human errors, but we unreservedly apologise if it contains erroneous pricing discrepancies, resulting from our or our suppliers' mistake. **TWM Dec.
